

# metalgraph plus<sup>+</sup>

It's not metal. It's better.

Metalgraph Plus<sup>™</sup> is the first metallic engraving laminate engineered and formulated for exceptional corrosion resistance and UV stability. Its integrated hardcoat and sub-surface brush finish provides superior protection for exterior applications and is moisture and fingerprint resistant.

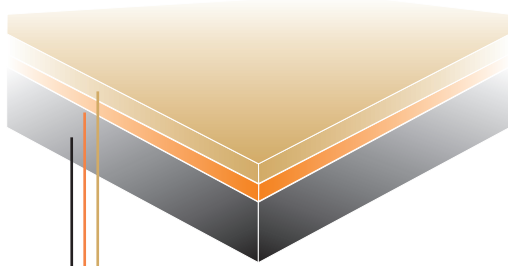

Available exclusively through your Authorized Rowmark Distributor

MP9X2-316 Brushed Stainless Steel/Red	MP9X2-315 Brushed Stainless Steel/Blue	MP9X2-766 Brushed Antique Gold/Red	MP9X2-765 Brushed Antique Gold/Blue

## Key Product Features

- formulated to provide protection against abrasion and weathering
- specially engineered for exterior use, but suitable for all interior applications
- integrated hardcoat protection
- deep brush pattern with "real" metal finish
- resists corrosion and oxidation in high moisture environments
- resists fingerprints when handling
- easily cleaned without surface marring
- excellent laser and rotary engraving properties

## Sheet Construction

1. Film constructed of integrated hardcoat
2. Sub-surface brush metal look, UV stabilized
3. UV stabilized core of modified impact acrylic

## Applications

- exterior signs
- interior signs
- personal identification
- identification plates
- directory signs
- trophies and awards
- control panels

## Range of Markets

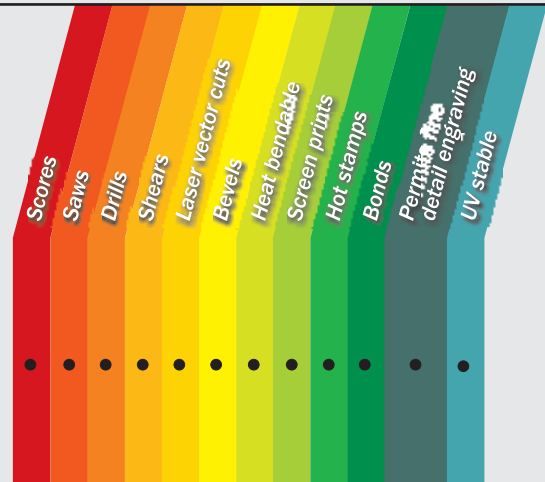

- architects and designers
- industrial/manufacturing
- institutional: schools, hospitals and daycare
- awards and recognition
- government, military
- advertising industry

## Product Specifications

 **metalgraph plus**<sup>™</sup>  
It's not evolutionary... it's revolutionary!

<b>Material</b>	Modified impact acrylic
<b>Finish</b>	Brushed
<b>Sheet Size</b>	24" x 48" (610 x 1219mm)
<b>Thickness 2-ply</b>	1/32" (0.8mm) Use MP912 as first digits of item code. 1/16" (1.6mm) Use MP922 as first digits of item code. 1/8" (3.2mm) Use MP942 as first digits of item code. (Gauges are approximate.)
<b>Engraving Method</b>	Laser Router Rotating carbide
<b>Cutting Depth</b>	.003" (.08mm)
<b>Usage</b>	Interior signage, Exterior signage, Personal identification, Industrial tags, Trophies and awards, Photo Laser Engraving
